DETAILED ACTION

Reasons for Allowance

1. Claims 1-12 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance of claims 1-12:

The prior art does not teach or render obvious "a smart memory device for use in a printer" in the specific combination as claimed in claims 1-12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Okino (US6,798,532) is cited to show the use of a smart memory in printing but it fails to render obvious "a smart memory device for use in a printer" in the specific combination as claimed in claims 1-12.

Douhet et al. (US 6,067,352) is cited to show the use of a smart memory in printing but it fails to render obvious "a smart memory device for use in a printer" in the specific combination as claimed in claims 1-12.
